Patriotic Supper.

The men's supper and entertainment of the Universalist church will be given at Concert hall, Friday evening, Apr. 19

The men met at Rev. S. G. Davis' Wednesday evening and made arrangement for the supper and entertainment. It being on Patriots day patriotic decorations will be used. An excellent supper will be provided followed by an entertainment in charge of Percy Hull.

One feature of the entertainment will be the presentation of the farce, "A Clean Shave," by six men. If you want a good supper and also want to enjoy a good entertainment be sure to attend this by the men of the Universalist church.

Rev. S. G. Davis was in Portland, Wednesday.

F. H. Beck's telephone number has been changed from 124-2 to 136-11.

Lena and Willie Shank visited their brother, Robert, at the hospital at Lewiston, over Sunday.

The graduating class of Norway high school have voted to have Merrill as their class photograper.

A kick comes to us that the sidewalks were not broken out on lower Main street, last Wednesday morning.

The cars were unable to run Wednesday morning on account of the snow. The first trip was made at 11 o'clock Wednesday forenoon.

Prof. Fred L. Laferriere, who has a fine position at Berlin Falls, made a visit to his father, A. A. Laferriere, Sunday, returning on the late train. Mr. Laferriere is not well. Says he has been in poor health ever since about two years ago, when he was taken from his sick bed by officers, that maybe were a little too zealous in the performance of their duties.

At the Baptist church, Sunday, the Mercy class of the Sunday school were the guests of the church. There were 24 of them present, who marched into the church in a body. Each one wore a white carnation pink which was presented to them by the pastor, Rev. E. S. Cotton. A special sermon was prepared for the occasion. Next Sunday Mr. Ranger's class of young men will be the guests.

One writer has said of the Maine climate, "It's all right, only for a short time in the summer it's rather poor sleighing," or words to that effect. This very fittingly applies to the present season, except that so far there is plenty of snow for good sleighing. At the present time, when about a month of spring is supposed to be gone, there is considerable over a foot of snow on a level and drifts of from five to seven feet in various places.

It is earnestly desired on part of the management of the public library that great care should be exercised in keeping the books dry and clean. The books which have been varnished should not be wet. If the day is rainy and the books are sent to the library by children the books should be wrapped in paper that no water should get on the covers.

This led to his call to give the address in Norway this year. While at Canton, Mr. Whitman delivered a Memorial address before the Post there.

His 82d Anniversary and Friends.

A dozen and more neighbors and friends called on Uncle Cyrus Woodsum last Saturday evening, it being the 82d anniversary of his birth.

A supper was served that has no equal and was greatly enjoyed. Olive Woodsum and Lutta Richardson served the guests during the supper hour. It is useless to enumerate the different courses but there was sufficient and to spare.

Fitting remarks were made by Hon. A. S. Kimball to which others joined extending congratulations to the host and the hope of the return of many more birth days.

A house coat was presented to Mr. Woodsum by the friends and he accepted it in a modest way and agreed to wear it when occupying the oak chair, "after the work of the day was done."

A Warm Welcome.

Some two weeks ago Arthur Littlefield, who has been employed at the shoe shop here for some time, went to Belfast and was united in marriage to Lois Coombs of that place. Monday evening they were expected to return to Norway and a dozen of their friends went to South Paris station to meet them, armed with confetti, horns, whistles and bells of all descriptions. Two of the party went out to meet them as they stepped from the train while the rest waited in baggage room of the "dummy" until the train was well on its way to Norway when they entered the car and showered the couple with confetti, all the while making merry music with the aforesaid articles. Upon reaching Norway all went to Robert Libby's where congratulations were in order, ice cream was served and songs sung. Everybody enjoyed the evening very much.

Quite a contrast from our present Maine weather, with drifts of snow seven feet deep in some places.

Norway Municipal Court.

Joseph Vigue of Bolster's Mills was arrested, Sunday, for drunkenness by Officer George F. Hathaway. Judge W. F. Jones being out of town, he was arraigned, Monday, before Judge Charles F. Whitman. He was first arrested by Officer Noyes of Berlin and brought to South Paris, where he was rearrested by Deputy Sheriff W. L. Farrar. Sanborn Will Pay the Bill.

"Do you suppose Sanborn really means what he says about over-street swing signs" was asked by a Paris citizen. "You can easily find out" was the reply, "but I have no swing-sign in Norway and he promises to take them down in that corporation only."

"O yes, I see," was the answer.

That there be no mistakes or misunderstanding, will say, that Sanborn of the ADVERTISER will bear the expense of taking down any over-street swing-sign in the limits of Norway Village Corporation on Main street. It does not include South Paris Village Corporation.

All that is necessary is to get word to him that you are willing for the sign to be taken down and he will pay the bill.

Doesn't the sidewalk by the Opera House block look wider and the building better since the swing-signs were removed?

Portland has recently passed a decree that all swing-signs must be taken down.

Rumford Falls has the same regulation.

Big April Snow Storms.

For parts of two days it snowed and the wind blew. Some 16 more or less inches of snow fell and the electric and steam cars were delayed. This is the story from Monday evening to Wednesday noon. Wagons were housed and runners substituted and it is good sleighing and teaming now.

There don't many of us remember the big snow storm fifty odd years ago about this time. It covered the fences.

Uncle Nathaniel Millett, who lived on the place now owned by Roscoe Bradbury, died the 9th of April, 1852, and the funeral was on the 11th, and the snow was so deep that it was difficult to get about and one team was tipped over in the door yard, and on that night more snow fell and on the morning of the 12th the fence was out of sight, thus the story was told us by a reliable Norway citizen.

We have heard of this big storm before and trust that the one in progress—while we are writing this—will not equal it.

R. D. Gould says 34 years ago on the last day of this month there were from 12 to 16 inches of snow on the ground and sleighs were used on the 1st and 2d of May.

Methodist Church Notes.

There was baptism and reception of members and communion service at the church, Sunday. In the evening there was a large attendance and Mr. Garland, superintendent of the Maine Bible society, addressed the audience for a short time. This was followed by an interesting praise service. Several young people started the Christian life.

Baptism is expected next Sunday at 10 o'clock. This will be the last Sunday before conference. Although the pastor, Rev. C. A. Brooks, has had several strong calls to other churches there is such a unanimous wish for him to remain here that it is likely he will continue his labors here.

The ladies of the church will serve a supper at G. A. R. hall, Thursday evening, followed by an official board meeting at the church.

The past year has been one of great prosperity both financially and spiritually.

A new pipe organ has been purchased and paid for. Benevolence collections have far exceeded previous years. Repairs have been made, carpet furnished and running expenses have been loyally met. The Epworth League has raised upwards of $175. The Ladies' Aid over $200. At the beginning of the year the pastor's claim was substantially raised. All spiritual lines were in advance of last year.

The annual Maine Methodist conference convenes at the High Street Methodist church at Auburn, commencing, Wednesday, April 17, and continues five days. Bishop D. A. Goodsell will preside. The most able speakers of Methodism will represent the various causes of the church. A delegation will attend from Norway, including the pastor and family, who will go on Thursday.

SOUTH PARIS.

Rev. A. K. Baldwin Resigns.

Rev. B. S. Rideout of Norway, occupied the pulpit of the Congregational church, Sunday, in exchange with Rev. A. K. Baldwin. Mr. Rideout read the resignation of the pastor of the church. In his resignation Mr. Baldwin stated that in order to obey the call of duty as he understood it in carrying out the largest work for Christ, he found it necessary to sever his connection with this church as pastor. He spoke of the need of the world for an educated ministry. And stated that he had an opportunity to do mission work in New Haven, Conn., which would furnish sufficient income for him to support himself and family with the privilege of attending Yale University. Under the present condition of his health all kinds of work would not be possible. In this place, he stated, he would not be under the necessity of preaching but much of the responsibility and care will rest upon officials under whose direction he would work. The resignation is to take effect June 30.

Rev. Mr. Baldwin became pastor of the church June 1st, 1905, graduating from Bates college that same month. Previous to that time, and while pursuing his studies at Bates, he had acted as pastor of the Congregational church at Winthrop. He is a man of ability much above the ordinary, and has been a very acceptable pastor in all respects.

Base Ball.

The base ball season opened in this village the past week, when the grounds in front of the station dried up sufficiently to permit the candidates for the high school base ball team to begin their outdoor practice. There will be at least four new men on the team this year to take the place of Wheeler, Sumner and Merrill, who graduated last June, and Stowell, who is no longer in school. The team has elected Harry Titcomb, '08, to the position of captain, and he will no doubt play the same position as last year, those of second base and substitute pitcher. For manager they have chosen Louis Clark, who is also a pitcher. The first game that manager Clark has arranged, up to the present time, is with Bridgton High School for April 27, the game to be played on the home grounds.

Mr. and Mrs. E. J. Whitman and daughter, Ruth, of Somerville, Mass., have been the guests of relatives here for a few days, coming to attend the Brown-Stuart wedding.

Saturday a horse belonging to Theodore Thayer died. One of W. J. Wheeler's heavy team horses was taken sick the same day and it looked as though it was a gone case but at last reports it was thought he would be saved.

Mr. and Mrs. Hiram Hubbard of Paris Hill, are stopping at the Andrews house for a short time. Mrs. Hubbard returned from the hospital at Portland, Saturday night and they will remain here until she is rested from the journey.

Three additional teams are now rushing cream to the Oxford County creamery, South Paris, making ten teams in all collecting cream. Besides those three routes recently added, the amount of cream on the old established routes is rapidly increasing.

The Alva Shurtleff house on Pleasant street, was sold immediately after Mrs. Shurtleff's funeral last week to A. E. Shurtleff of this place. The bulk of the furnishings were transferred with the house just as they stood. It is not understood that Mr. Shurtleff contemplates moving from his present home.

BRONCHIAL TROUBLES.

Readily Yield to Soothing, Healing Treatment of Hyomei.

Bronchial troubles are purely local. They cannot be helped by stomach dosing. They are caused by irritation in the air passages and can be relieved and cured by medicated air alone. In this lies the secret of the great success of Hy-o-mei in the treatment of bronchial troubles.

The first breath of Hy-o-mei's medicated air soothes the inflammation, stops the cough, and relief soon becomes permanent and a cure results.

Hy-o-mei has made many remarkable cures in the worst and most chronic forms of bronchial troubles and is sold by Frank Kimball, Noyes Drug Store, with the same guarantee as he gives when Hy-o-mei is purchased for catarrh, that is, to refund the money in case the remedy does not give satisfaction. The complete outfit costs but $1 00. 15&17

Straight Talks on Patent Medicines

The "Rexall" Remedies are successful and this is why.

They were placed on the market three years ago. They have scored already the record of the greatest success ever known in the history of the drug business.

"Come and go" popularity may arise from any number of causes (hullabaloo advertising among them) and may or may not be founded on real worthiness. But the man, the plan, the idea, or the article that truly *succeeds*, does so because he or it *deserves* to succeed, and for no other reason.

The success of the "Rexall" Remedies is therefore the first evidence of their real *merit*. They sell because they *cure*, and they cure because each one of them is the best remedy known to medical science for the particular ailment it is made to relieve.

There are nearly 200 remedies sold under the "Rexall" name, each for one disease or one purpose. Each of these has been selected by a committee of experts from among *all other remedies of its class*, for manufacture and sale by The United Drug Company, a co-operative association of leading American druggists.

Wherever you see the name "Rexall," you may know that it stands for a formula scientifically correct and proved efficient in actual, long extended practice. We know these formulas and are glad to answer all inquiries regarding them, giving full information as to the ingredients.

Here are three famous members of the "Rexall" family:

FOR CATARRH—MUCU-TONE

The chief ingredients of Mucu-Tone are Gentian, Cubebs, Cascara Sagrada, Glycerine, and Sarsaparilla.

Gentian is recognized in medicine as one of the greatest tonics ever discovered. It is the foundation on which Mucu-Tone is built. Gentian combines in high degree the tonic powers of all the known "bitters," with none of the disadvantages applying to them.

Cubebs have long been recognized as a specific in the treatment of all catarrhal conditions. Its action is prompt and its benefit almost invariable. In whatever part of the body the inflamed or diseased condition of the mucous membrane exists, the use of Cubebs has been recommended by the best physicians for many generations.

Cascara Sagrada is especially introduced for its necessary laxative properties.

The combination of these with Glycerine and Sarsaparilla makes Mucu-Tone a remedy that attacks catarrh from every point, gradually restores and rebuilds the diseased tissues to their former health and strength, promotes digestion and creates a normal appetite. Bottle, 50c.

REXALL DYSPEPSIA TABLETS

The remarkable success of Rexall Dyspepsia Tablets is largely due to the new and successful method of manufacture, whereby the well known properties of Bismuth Subnitrate and Pepsin have been combined with carminitives and other agents.

Bismuth Subnitrate and Pepsin are recognized by the entire medical profession as specifics for acute indigestion or chronic dyspepsia.

The pepsin used is manufactured under a new process which develops its greatest efficiency. Pepsin not only supplies to the digestive machinery one of the most important elements of the digestive fluid, but it seems to exert a tonic influence upon all the glands which supply all the other elements.

The carminitives add properties which promptly relieve pains caused by undigested food.

The combination of the whole makes a remedy absolutely invaluable to any man or woman suffering from Dyspepsia—and not only a remedy but a *cure* which works gradually rebuilding and stimulating the glands which perform the digestive functions. Package, 25c.

FOR NERVES—AMERICANITIS ELIXIR

The Rexall Americanitis Elixir is a tonic nerve food composed chiefly of free Phosphorus, Glycophosphates, Iron Pyrophosphate and Calisaya.

The wonderful results of this remedy are due to the fact that it supplies Phosphorus to the nerve cells in a condition in which it can be immediately and easily taken up by them. It is the only known preparation in which free Phosphorus—that is, Phosphorus which remains indefinitely unoxidized—is used.

The Glycophosphates, actual nerve-tissue builders, are one of the most recent and valuable additions to the field of this branch of medicine and unquestionably a more efficient remedy than the well-known Hypophosphites.

The Iron Pyrophosphates is the most easily assimilated form of iron which gives tone and color, and the combined alkaloids of Calisaya Bark have a tonic effect on almost all the functions of the body.

In compounding these various elements, the very highest degree of pharmaceutical skill has been employed. 75c. and $1.50 a bottle.

This "Rexall" Guarantee Appears on each package: "This preparation is guaranteed to give satisfaction. If it does not, come back and get your money. It belongs to you and we want you to have it."

As We Journey On.

1875-1907.

Read at the celebration of the 32d anniversary of the institution of Oxford Lodge, I. O. O. F., on March 23, North Waterford.

Eighteen hundred and seventy-five,
Nor many are here who were then alive
To remember that famous day and year;
But I recall as the spring drew near
The mysterious work of the winter was known,
And the village recovered its normal tone.
For many months a whispered word
Had fallen in silence when small fry heard,
And looks and gestures a secret told
To those, who per force, were out in the cold.
Where shall we build our fine new hall?
Was the question asked in the previous fall.
But no one had thought that Horace Fiske
Had dared to run such a terrible risk,
And offer the space beneath his roof
For the home of the goat with his iron-clad hoof.
But after a consultation wise,
They built it there in the face and eyes
Of opposition long and loud.
But never one of all that crowd
Was heard to whisper the least regret.
And there are those who remember yet
That peace and harmony ever reigned
When Oxford Lodge its power attained.
In the month of March tomemory dear,
The top of the town assembled here,
And delegations from far away
Came with song and laughter gay;
And witnessed ceremonies grand,
The fame of which spread over the land.
The goat was young and newly shod,
And he gaily pranced and nimbly pawed,
With a bright red ribbon around his neck,
And they gave him for supper an extra peck.
He butted the Noble Grand right into his chair,
And long and loud rang the laughter there.
He kicked up his heels as they led him away
To the closet dark and his bed of old hay;
Though years have sped since that notable day,
That little old goat is living, they say.
How many remember the name of Jim Breen,
Who left in the night and never was seen;
A story is whispered to this very day,
There are those who know how he went away.
They smuggled him off to a corner dark
And set him up for a rifle's mark;
And the story is told of hideous groans,
As they burned his flesh and boiled his bones;
And many a midnight, they held a feast
With their faces turned to the moon-in the east;
All ye who these awful legends hear,
Stop and drop a pitying tear,
Think of the fate of poor old Jim Breen
Who left in the night and never was seen.
The supper those people sat down and ate
Was long a pleasure to contemplate;
There were pies by the score and hams and whole pigs;
And they sat down and ate and got up and danced jigs;
And then stuffed again until it was plain
They were the champion gluttons of the State of Maine.
And after they'd rested, and toasted, and smoked,
And laughed a lot more, and each other joked,
They formed for a march on the floor of the hall,
And Frank Hobson and Stell were the ones who led all;
There was Justin E. McIntire, just in his prime
To the tune of the fiddle he nimbly kept time,
And Dr. Faunce with his Prince Albert coat,
Thinking up some new kind of an antidote,
For he knew by the looks of the beans and brown bread
Somebody by morning would wish they were dead;
And Hubbard and Henry kicked up their heels
And squirmed all around like a pair of young eels;
And Jonathan Bartlett danced like a top,
Chesley Fernald came in with a skip and a hop,
Isaac Jewett, Jim Parker, Hi Elliott, too,
Were in the new hall, I'm telling you true;
Fred Mosher was there and his brother Mose;
And many another turned on his toes,
In the grand march and circle, that glorious night,
And I'm also sure I am telling you right
That the sky in the east had begun to grow red,
Ere they blew out the lights and went home to bed.
Though many are gone the way of the earth,
And the pathway of sorrow has met that of mirth,
And the old hall lies buried in ashes to-night,
The new lights are burning with reflected light;
New faces are taking the place of the old,
But undying influences ever enfold
The Lodge of old Oxford and its brothers so true.
May prosperity's banner ever wave over you,
And truth, love and friendship guide ever on,
Till Life's journey is over—the victory won.

Those who have had the experience of quick relief that follows the use of Neuralgic Anodyne for relieving nervous headaches, toothache, rheumatic pains and colds on the lungs, cannot keep from praising the remedy and recommending it to their friends. Its effect in soothing all nervous pains is remarkable. It is different from other remedies, as it is taken internally to strengthen the whole nervous system, and at the same time is applied externally to the place where the pain is present, thus finding its way through the pores of the skin to the aching muscles and throbbing nerves. Its action is so positive and sure that it is sold under absolute guarantee to cost nothing unless it cures. Large sized bottles 25c. Sold everywhere. The afternoon was filled in with an interesting program consisting of music, readings and recitations, which were furnished by both Granges. A question, "Which is more profitable, dairying or poultry raising," was discussed generally. A. J. CASTORIA.
Bears the Signature of Chas. H. Fletcher. The Kind You Have Always Bought

To the House Owner.

There may be combinations for painting that are better than linseed oil, white lead and zinc, but those who know best, tell a different story.

When you buy paint, you expect the above combination is what you get; but do you? Sometimes you do, and sometimes you do not; oftener not.

I have some analysis of paints, that the makers claim are pure lead and zinc, that have not an ounce of lead in them. I have others that have seventy-five per cent. zinc, the balance whiting and barytes. Now lead is worth to-day at wholesale prices eight cents per pound, zinc oxide six to seven cents per pound, barytes and whiting sixty cents per cwt. The difference in cost shows the chances there are to adulterate, also the temptation.

It is easily to be seen how some paints can be sold for from twenty-five to fifty cents per gallon less than others, also to see how it is so many so called pure paints are so extensively advertised.

It makes quite a difference whether the pigment in a gallon of paint costs six cents or fifty.

Town & Country Paint, in which interest this is written, comes as near to being pure paint as it is practical to make. The pigment raw and dry cost within a fraction of fifty cents per gallon, this with oil at forty per gallon makes the initial cost of the paint eighty cents per gallon—with this expense to start with, can the manufacturing and selling by both wholesaler and retailer be met with less than as much more added.

On the other hand, how about the adulterated brands that pose as pure paints?

Pigment cost six cents per gallon, oil and dryer thirty cents, total initial cost thirty-six cents will not the difference in cost pay for quite a lot of newspaper work, specially when the retail dealer has to pay same price as for the pure article?

If you are painting for looks, and are willing to paint often, use the cheap; but if you want a fine appearing and long wearing job, buy nothing but such as can show unquestioned proof of its purity.

The Town & Country Paint can do it. See analysis in another column.
